Speakers: **Bob and Hope Carter**

Bob and Hope Carter are *medical missionaries* who began their career in 1985 serving FUM at **Friends Lugulu Hospital** in Western Kenya. After Bob earned his master's degree in public health at UNC-Chapel Hill, they returned to Africa in 1997, serving in **Zambia** with **SIM** for ten years before returning to **Kenya**. In Zambia, **Bob** was a public health consultant for the District Health Office, started the district's first free HIV clinic, and chaired the AIDS Advisory Committee for the Churches Health Association of Zambia (CHAZ). Meanwhile, **Hope** oversaw the TB and Leprosy services at **Mukinge Hospital**. For the last 11 years, they have lived in **Kijabe, Kenya** and divided their time between **Kijabe Hospital and Moffat Bible College**. Hope assisted the hospital with its HIV clinic for two years and then focused full-time on teaching in the AIDS Ministries Department at Moffat and serving as the college's health coordinator. Bob taught family medicine residents at the hospital, oversaw its palliative care services for ten years, and led its successful efforts to initiate chemotherapy services for cancer patients, while also serving as director of Moffat's AIDS Ministries Department. Last year the department officially transitioned into the **Department of Community Health and Development**. Since 2020, Bob has also assisted **SIM's International Health Ministries** office to design and roll out '**COVID Equip**', a program for training pastors, chaplains and Christian community leaders in a gospel-based response to COVID in local communities. As of last year, he is now "*retired*" from clinical care and focusing more on public health issues and medical education.

Please announce and encourage Quaker Men

Kids Klub Easter Activities

"Thank you to everyone who provided Easter treats for Kids' Klub and helped with the activities on Wednesday.

God is good.
Christ is risen!" !

Ten little fingers.
Ten tiny toes.
On Christmas he came.
On Easter he rose.
